

The **Ticker** Club

Hi All

PLEASE WILL YOU HELP??

It is exactly one year since I was in the Intensive Care Unit of the Heart Unit at Wythenshawe Hospital recovering from major heart surgery (4.5 hour operation).

The care I received at Wythenshawe throughout, from my initial visit to see Mr Barnard (Consultant), and subsequently from Receptionists, Appointment Staff, Pre-Op, ICU Nurses and Staff, Ward Nurses, Staff and Mr Barnard's team was fantastic.

Without the operation I had been warned I could have had blackouts, heart attack or worse!

Now fully recovered I think it is time to do something in return to say

A BIG THANK YOU.

So this a request to (hopefully very generously) sponsor my TICKER CLUB fund raising effort. The Ticker Club at Wythenshawe Hospital is a charity which raises funds through donations and sponsorship to purchase equipment, improved facilities etc for the Heart Unit.

ON TUESDAY 30TH APRIL 2019

**I WILL BE WALKING TO WORK (unless it is really bad weather)
when I may postpone it for a day or two!**

ACCORDING TO MY MOBILE PHONE APP IT IS 14 MILES

The **Ticker** Club

I will be walking via Bridle Paths, Canal Towpaths and through Reddish Vale and using roads as little as possible.

I sincerely hope you never need the care of the Heart Unit BUT you never know – no-one at SETA had any idea I had a serious problem.

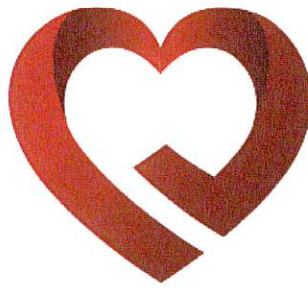

In the future it could be you, your parents, relatives, friends etc who need the care and I am sure you would wish that care to be as excellent as possible.

PLEASE SPONSOR ME GENEROUSLY

**Lisa has agreed to collect sponsorship and donations for me.
Please can you give very generously.**

About the Club

The **Ticker** Club

The Ticker Club

The Ticker Club is a totally voluntary organisation founded by ex-patients who have undergone some form of cardiac or vascular procedure at Wythenshawe Hospital. Club membership is open to all those who have undergone, or are about to undergo, such procedures, to their families and to all who wish to support the aims and objectives of the Club.

The Club has three main aims :

Patient Support

We offer practical advice and moral support to new patients, both before and after surgery, through near-daily visits to all the cardiac wards and outpatient clinics by our trained patient support volunteers or, by special arrangement, privately in their own homes.

Patient Representation

The Ticker Club represents patients' interests both within the Manchester University NHS Foundation Trust (MFT) Wythenshawe and in the wider context of regional NHS bodies, the British Heart Foundation (to which the Club is affiliated) and by contact with other patient support groups.

Fundraising

We support all cardiac procedures carried out at Wythenshawe Hospital by raising funds through subscriptions, donations, prize draws and fundraising events. All money raised is spent on facilities and equipment for the Hospital's heart and vascular units.

Contact Us

The Ticker Club, North West Heart Centre, Wythenshawe Hospital,
Southmoor Road, Manchester M23 9LT
